* THE spring levy of 1822 amounted to 16,545 l., but from the distressed state of the country in the summer of that year, the sum of 9,895 l. was only then received by the treasury, the balance being suspended by order of Government. The balance of 9,750 l. was subsequently levied by six annual instalments, in addition to the levy of each of the succeeding years from that period, and is included in the foregoing table to and inclusive of spring 1828. This advance has since been repaid to Government.

I am only able to give the return of the amount of the Presentments granted in the county Roscommon during the last 15 years, not having the necessary documents to enable me to conform to the order of the House of Commons, which requires the amount of presentments granted in the last 20 years. Mr. Giff, who was treasurer in years 1810 to 1814, is dead, I therefore made application to the Clerk of the Crown, who made search in the county records, but could not find the presentment books required.
